### DETAILED ACTION

1. This office action is in response to the amendment filed on February 27, 2007, in which claims 5-16 and 32-43 are presented for further examination.

#### *Claim Rejections - 35 USC § 101*

2. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

3. Claims 5-16 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter, specifically, as directed to an abstract idea.

While determining whether the vendor V matches a vendor in the vendor datasets and adding a subset of D.sub.G to the relational database, said subset of D.sub.G excluding the K purchase items from D.sub.G, if the contract datagroup D.sub.G is the contract dataset; and adding to the first contract dataset in the relational database purchase items of D.sub.G., wherein D.sub.G is key to a first contract dataset in the relational database, and wherein the R purchase items of D.sub.G consist of all purchase items of D.sub.G exclusive of the K purchase of D.sub.G., if the contract datagroup D.sub.G is the contract deltadataset could be reasonably be considered a tangible result, actually claims 5 and 13 appear to have no claimed result under the condition if the contract datagroup D.sub.G is not the contract dataset ; and if the contract datagroup D.sub.G is not the contract deltadataset to form the basis statutory subject matter under 35 USC 101.

Art Unit: 2162

Therefore, claims 5-16 are directed to an abstract idea that is not tied to a technological art, environment or machine which would produce a concrete and useful result to form the basis of statutory subject matter under 35 U.S.C. 101.

***Conclusion***

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
